Light Bite 1

Healthy Packed Lunches and Snacks

A healthy nutritious lunch enables your child to be at their best and make the most out of their learning. Providing healthy lunches, does not have to be time consuming or expensive. For example, try switching expensive crisps for carrot sticks, using left over dinner to make lunches for the next day or try making pasta salads. Try to cut back on high sugar or high fat foods such as chocolate, crisps, sweets, which will only give a short burst of energy and will not sustain your child throughout the remainder of the school day.
